JACKSON, MISS.:
J. L. POWER, PUBLIC PRINTER,

1880.

REPORT OF SUPERINTENDENT.

MISSISSIPPI PENITENTIARY,
Superintendent's Office, January 1, 1880.

His Excellency J. M. Stone, Governor of Mississippi:

SIR—I have the honor to submit my report as Superintendent of the Penitentiary, for the years 1878 and 1879, together with statistical tables compiled from the records of this institution, giving the names, description, etc., of convicts, number on Register, etc., casualties, etc., a statement of the financial condition of the institution, and the reports of the Physician and Chaplain.

It is with pleasure that I am enabled to report an improvement, in several particulars, in the affairs and condition of this institution, since my last report, notwithstanding the fact that a good portion of our fair country was blighted by that dreadful scourge—yellow fever—in 1878, and a dread of its recurrence in 1879, causing delay in the completion of improvements and repairs contracted for, and in different ways interfering with its sanitary regulations and the health and well-being of the convicts, both within and without the walls of the Penitentiary.

CONDITION OF BUILDINGS, ETC.

The different buildings within the walls of the Penitentiary having been repaired, as will be seen by reference to my last report, under contracts with the Lessees, and the center building at the entrance, are in good condition. On the 14th of June, 1879, at about 12 M., an old frame building, situated within the walls and used as a stable, was destroyed by fire, caused by sparks from the engine falling upon and igniting the roof. The loss sustained by the State is estimated at $500 00, and by the Lessees to be about $1,500 00. No damage was done to the other buildings. In this connection, it is becoming and proper to return thanks to the fire companies of Jackson for their promptness on that occasion, and to bear cheerful testimony to their characteristic energy and zealous efforts, which alone saved the other property from destruction.

IV.

SANITARY CONDITION, DISCIPLINE, ETC., OF INSTITUTION.

The health of those convicts who have been confined within the walls of the Penitentiary, has been generally good for the past two years. Reference is, however, asked to the report of the Physician, Dr. Wirt Johnston. The amount of sickness, its character, and the causes therefor, are fully and satisfactorily given and explained by him, and I am pleased to be enabled to bear testimony to an efficient discharge of duty, and to express my high appreciation for the unremitting care and attention rendered by him. Cleanliness has been strictly enforced and observed. The inmates are provided with two suits of clothing, and are required to change their apparel at regular periods. A bath house has been arranged and all the prisoners given time and required to bathe. The cells and halls of the prison building and the grounds within the prison walls are cleansed, disinfected and whitewashed regularly, and whenever deemed necessary for the promotion of health and comfort.

The discipline of the institution has been enforced with firmness, but the inmates have been treated with a consideration consistent with the requirement of the statute and the dictates of humanity. The sick and afflicted have been properly cared for, and have been provided with medicines and such other things as were deemed necessary by the Physician.

The conduct of the inmates during the past two years has been very good, and is attributable to the excellent discipline of the prison. The prisoner is made to feel that his welfare and the interest of the institution alike depend on his obedience to the rules prescribed for its government.

The labor of the inmates is conducted with such success as circumstances justify. They are employed in the different work shops, to-wit: carpenter shop, and tailor shop, blacksmith shop and shoe shop. In these departments they are taught respectively the various trades.

Divine service is conducted every Sabbath evening by Rev. Joseph L. Tucker, D. D., Chaplain, assisted by a number of ladies and gentlemen. The zeal and interest manifested by them in the spiritual welfare of the convicts, is highly commendable and has contributed greatly in improving the conduct and the discipline of the institution. Attention is respectfully asked to the report of the Chaplain.

CONDITION, TREATMENT, HEALTH, ETC., OF CONVICTS EMPLOYED ON PLANTATIONS, ETC.

By reference to reports made by me to your Excellency in May last, on my return from visits of inspection to the different plantations and places where the convicts are employed, it will be seen that they were in good health generally at that time, and were properly furnished with food and clothing of

good quality, that the prisons, in which they were confined, were sufficiently large, cleanly and secure, and that they were properly guarded, etc. From all that I was enabled to gather from inquiry, investigation and observation, I am satisfied that they are treated with humanity. They are subjected to "hard labor" as the law directs, but in a degree consistent with their well-being and physical ability. Charges of mistreatment by the sub-lessees and their emyloyees have been circulated, and whenever heard, the attention of the proper authorities in the counties where the offences were alleged to have been committed, has been called thereto, and investigations have been asked and instituted. In one or two instances, only, have parties been indicted, and I am satisfied from my knowledge of, and acquaintance with, the sub-lesses, that the reports of cruelty and maltreatment were unfounded. During the epidemic of 1878, many privations were unavoidably entailed upon them, and some suffering necessarily ensued; but this was the result of the calamitous condition of the country, and was not attributable to wilful neglect or maltreatment.

The health of these convicts was not very good; in some localities during the summer and fall, a malarial type of fever prevailed to some extent and was rather fatal. A number of deaths resulted from this disease and from sunstroke; this sickness and mortality among them was not from a lack of proper sanitary regulalions, or wholesome diet, ill treatment or neglect; but was the natural result of the unhealthy condition of the country, and is attributable to the fact also, that many of them were afflicted with chronic diseases contracted prior to their admission into the penitentiary.

During the yellow fever epidemic of 1878, it became necessary in the month of August, to remove those convicts confined in the walls of the penitentiary to places of safety. The prevalsnce of this epidemic, and the enforcement of quarantine regulations necessarily entailed some privations on them. It became necessary also during that time, to avoid the yellow fever, to establish camps and to camp them out for three months or more; these different causes combined, naturally produced more sickness than in former years when the country was much healthier and the number of prisoners was much less. The per cent. of deaths for 1876, '77, '78 and '79, is, however, less in proportion to the number of convicts, than for the four preceding years, as may be seen by reference to the reports for those years.

The convicts employed outside the walls, are in possession of R. H. Allen, Lee County; R. Burdett, J. L. Hebron, C. H. Smith, J. S. Hamilton & Co., E. Richardson, Washington County; J. S. Hamilton & Co., Warren County; J. S. Hamilton & Co., Rankin County; Green Clay, E. F. Miller, M. L. Clark, Jr., W. L. Nugent, W. A. Pollock, Bolivar County; W. C. Cage, W. H. Noble, Wilkinson County; Thomas Graves,

L. & H. N. Warfield, J. S. Hamilton & Co., E. Richardson, Holmes County; J. H. Gilliland, Attala County; J. S. Hamilton & Co., Leflore County; J. F. Townsend, E. Richardson, Coahoma County.

NUMBER OF CONVICTS ON REGISTER, ETC.

An examination of the Prison Register, (Table No. 1,) will show that the number of convicts in the Penitentiary, is nine hundred and ninety-seven (997;) eight hundred and seventy-nine (879,) of this number are colored males; twenty-six (26,) are colored females, and ninety-two (92,) are white males. Three hundred and seventy-six (376,) were received by commitment and twenty (20,) by re-capture in 1878, and three hundred and eighty-nine (389) by commitment and ten (10,) by re-capture in 1879. An examination of the different tables will also show that the number on the Register, from December 1st, 1877, to December 1st, 1878, was one thousand four hundred and eight (1,408,) and from December 1st, 1878, to December 1st, 1879, that the number was one thousand four hundred and forty-two (1,442.)

Tables No. 2, 3, and 4, contain an enumeration of the convicts, by crimes, counties, States and nationalities. From these it will appear that nearly every crime in the calendar, most of the counties in the State, a number of States and several foreign nationalities are represented.

Tables No. 5 and 6, give the names and number of convicts, colored and whites, discharged. The number discharged during 1878 and 1879, was 346; 322 were colored and 24 were white.

Tables No. 11 and 12, give the names and date of those convicts who were pardoned; total number 53, white 19, colored 34. Tables 13 and 14 give the names, etc. of those discharged by order of the Court, and those sent to the Lunatic Asylum. Table No. 15 is a recapitulation of the casualties, etc., and No's 16 and 17, give the number received by commitment and recapture, and the number sentenced for longer periods than ten years.

In Tables No. 7 and 8, appear the names of those convicts, colored and white, who have effected their escape since my last report. An examination of the reports of this institution for the past eight (8) years, shows an annual decrease in the number and per cent. of escapes in proportion to the number of convicts since this institution has been under my charge. Those reports show that the total number on the Penitentiary Register from May 3d, 1872, to December 1st, 1875, three years and seven months, amounted to 2,049, and the number of escapes to 245, about 12 per cent., and that from December 1st, 1875, to December 1st, 1879, four years, the total number amounted to 5,186, and the number of escapes to 352, about 7 per cent. During this period, from December 1st, 1875, to December 1st,

1879, there were 51 recaptures, making the loss by escapes 301, about 6 per cent.

Tables No. 9 and 10 give the names, etc., by races, of those convicts who have died

AMOUNT DUE THE STATE BY THE LESSEES, BY THE TERMS OF THEIR CONTRACT, AND THE AMOUNT OF IMPROVEMENTS, ETC.

By the terms of their contract of Lease, the Lessees obligated themselves (as will be observed by reference to said contract, which is appended to this report) to pay the State for all convicts over one hundred and forty (140,) one dollar and ten cents ($1 10) per head per month. Section 3, of the Act of January 31st, 1877, "entitled An Act to improve the State Penitentiary, etc.," makes it the duty of the superintendent of the Penitentiary to *report to the Legislature the amount of funds accruing to the State and the amount of improvements made, etc.*" In accordance with that requirement, I have the honor to report, that the amount accruing to the State from the 31st day of December, 1877, (date of last report,) to the 1st day of January, 1880, is twenty-two thousand two hundred and sixteen dollars and seventy cents ($22,216 70.) This amount is ascertained to be due by calculating the amounts to be paid for each convict, at the rate of one dollar and ten cents per head per month, (as per contract) less one hundred and forty (140,) exempt by the terms of the contract. As will be seen by reference to my last report, the sum due the State at that time, January 1st, 1878, was seven thousand six hundred and sixty-seven dollars and eighty-nine cents ($7,667 89, and which added to the sum of $22,216 70 due for the years 1878 and 1879, will make the total amount of "funds accruing to the State" from date of the Lease, June 15, 1876, to January 1st, 1880, $29,884 59.

By sections 2 and 3 of the Act of January 31, 1877, above cited, the Superintendent of the Penitentiary was authorized, with the approval of the Governor, to "contract for repairs necessary to be made on the main walls around the buildings, and such repairs as may be necessary for the preservation of the Penitentiary buildings," etc. In pursuance of this law, as stated in my last report, a "contract was made by myself as Superintendent of the Penitentiary with Messrs. Hamilton & Hebron, lessees, and approved by your Excellency on September 11, 1877, for the sum of twenty-two thousand three hundred and ninety-one dollars and fifty-six cents ($22,391 56) to be credited to them on the lease for repairs and improvements deemed necessary." Since my report for 1877, repairs and improvements have been made on the "center building" and roofs of the prison and shops to the amount of six hundred and seventy-six dollars and fifty-two cents ($676 52), under the contract of September 11, 1877, making the total amount of repairs and improvements, under said contract, twelve

thousand five hundred and sixteen dollars and eight cents ($12,516 08). (See Report, 1877.)

On the 25th of January, 2d of April and 3d of December, 1878, contracts were made by me as Superintendent, with the Lessees, and approved by your Excellency, for "repairs and improvements," for the sum of two thousand five hundred and sixty-one dollars and ten cents ($2561 10). These contracts have been completed and the work has been performed according to the terms and stipulations therein named. On the 7th day of July, 1879, a contract was also made for improvements, etc., to the amount of $755 00. The improvements stipulated for under this contract have been made to the amount of $655 00, according to the terms therein named, and work is still in progress. A supplemental contract has also been made, dated November 19, 1879, to the original contract of September 11, 1877, for $950 02. This last contract was made necessary by reason of error and omissions in the specifications made at that date. Under the original contract of September 11, 1877, and this latter contract, work is now in progress. (These contracts are on file in my office.)

The total amount of "improvements and repairs" contracted for, from date of the lease to the present time, is $25,897 68. The amount completed is $14,972 18, and the amount unfinished and on which work is in progress is $10,925 50. These "improvements and repairs" are in accordance with the terms and stipulations of the contracts under which they were made, and are of a substantial and durable character.

In addition to the repairs and improvements made under contracts approved by your Excellency, permanent improvements and repairs, amounting to $574 33, have been made since my last report, and which, added to the amount of $2300 00 reported as having been made prior to January 1, 1878, (see Report for 1877), makes a total of $2874 33 of permanent improvements and repairs, which are to be accounted for at the expiration of the lease.

Under the Act of March 5, 1878, section 12, entitled "An Act to reduce the judiciary expenses in this State," I have retained in custody and worked out a number of ex-convicts, whose terms of sentence have expired, having been officially notified that "fines and costs" were unpaid by them.

The laws regulating the government of the Penitentiary and defining the duties of the Superintendent should be revised and amended in several respects, but inasmuch as the whole subject will of necessity be examined into and acted upon by the Legislature at the ensuing session, it is not necessary for me to offer any suggestions.

In conclusion, I desire to express my acknowledgment of the courtesy, kindness and assistance extended to me by your Excellency.

Very respectfully,

MARION SMITH, Superintendent.

COPY OF HAMILTON & HEBRON'S CONTRACT

OF LEASE FROM STATE.

This Indenture, made and entered into this the 9th day of June, 1876, by and between D. Shelton, Thos. B. Smith and L. C. Bickham, Inspectors of the Mississippi State Penitentiary, made Commissioners by the Act of the Legislature, hereinafter referred to, acting for and in behalf of the State of Mississippi, and Jones S. Hamilton and John L. Hebron, witnesseth that—

Whereas, In accordance with an Act of the Legislature of the State of Mississippi, entitled an Act to provide for leasing out the Penitentiary and the convict labor of the State, approved on the 13th of April, 1876, the said Commissioners have given for more than thirty (30) days, by publication in the Clarion, a newspaper published in Jackson, Mississippi, notice in manner and form as required by said Act; and by said advertisement fixed the 5th day of June, 1876, as the day on which they would receive propositions in writing to lease the Penitentiary and convict labor of the State, in accordance with the provisions of said Act, and on the said 5th day of June, 1876, sundry written propositions were made to and received by said Commissioners at the Penitentiary building in Jackson, the place appointed by said advertisement, among which was the proposition of the said Jones S. Hamilton and Company, upon the terms hereinafter set forth, upon which proposition said Commissioners, after duly considering of the several propositions, adjudged and awarded the contract of leasing to said Hamilton and Company, their proposition being the highest and best for the interest of the State. Now, therefore, it is agreed by and between said Commissioners on behalf of the State and the said Jones S. Hamilton and Company—

1st. That said Commissioners hereby lease out and hire to said Hamilton & Hebron and their assigns the Penitentiary of the State of Mississippi, including the entire Penitentiary premises, except the Superintendent's residence and the yard in which it is located and the buildings thereon; also all the convicts now in the Penitentiary or belonging to it, and those who may be sent to the Penitentiary during the continuance of this lease, which is to continue for four years from date here-

of, subject of course to the changes in the convicts by death, pardoning, final escape and expiration of time.

2d. The Lessees hereby agree and bind themselves to feed, clothe and maintain the convicts that may come into their hands or under their control by or under this contract, in the manner prescribed by law and the rules of said institution; to furnish them with medicine, medical attendance and proper care and attention when sick; to pay all expenses of conveying all convicts from the county where convicted, to the Penitentiary or place of employment; to pay all expenses for guarding the convicts that may come into their hands or under their control whether in or out of the Penitentiary buildings. That when a convict shall escape they will notify the Governor of Mississippi of the escape, and when any escaped convict shall be arrested they will cause such convict to be brought back to the Penitentiary or his proper place of labor; that they will pay all expenses of advertising for the arrest of such escaped convicts, also pay all jail fees and all expenses of bringing such convicts back to the Penitentiary or his proper place of labor, also pay such reward as the Governor of the State may have offered for his arrest and confinement in jail to the extent of $50, but no more. And in case said Lessees shall fail to notify the Governor of the escape of any convict, they shall thereby forfeit and pay into the Treasury of the State of Mississippi $100. When any convict shall be pardoned (with which pardoning power this contract in no manner is to interfere) and when the term of service of any convict expires, if such convict shall have been undergoing a sentence of confinement and labor for twelve months, said Lessees shall give to such outgoing convict a plain suit of citizens clothes, and the sum of $10 00 in cash.

3d. The Lessees or their assigns shall appoint and hereby bind themselves to pay, all necessary or proper officers, superintendents and guards, except the State Superintendent.

4th. In accordance with section 3rd, of the Act aforesaid, said lessees bind themselves to work all convicts sentenced for a longer period than ten years within the walls of the Penitentiary, or so near thereto as to have said convicts confined within the cells of the Penitentiary at night. But all convicts sentenced for a period of ten years or less, said Lessees may work outside the Penitentiary, but within the limits of the State of Mississippi,in building railroads, levees or any private labor or employment.

5th. All convicts who are worked outside of the Penitentiary shall be guarded with a reasonable guard to prevent escapes; such convicts shall be lodged in comfortable quarters, enclosed by a good and substantial stockade or fence to prevent escapes. They shall not be permitted to be or remain outside of such inclosure after dark, nor to leave the premises on which they labor in the day time, unless accompanied by a sufficient gunrd.

6th. Said Lesses hereby further bind themselves, that they will annually, i. e., at the end of each year, from this date pay into the treasury of the State of Mississippi the amount of the Physician's salary for the year as fixed by the laws of the State.

7th. It is further agreed that within five days of the date of this contract, appraisers shall be appointed according to 6th section of the before recited Act, to make the appraisement therein directed, and in the manner therein directed, whose decisions in the matter of the said appraisement shall be final and a part of this contract. It is further agreed that in like manner at the expiration of the lease, all machinery, tools, unmanufactured articles, material, etc., shall be valued by appraisers appointed in like manner, and should the appraised value of the property at the end of lease be more than the appraised value of that now on hand, the State of Mississippi shall pay said Lesses the difference, but if the appraised value shall then be less, the Lessees shall pay the difference into the State treasury.

8th. It is further understood and agreed as a part of this contract that said Lessees are hereby substituted during their term of four years to all such rights, legal and equitable, which the State, the Penitentiary, the State Superintendent thereof, the Inspectors or Commissioners may have or be entitled to in the labor, possession, use or control of the convicts now in the hands of French & Jobes under certain alleged and pretended contracts; made by them during the year 1875, for the lease or hire of 450 convicts of said Penitentiary, and also the same rights as to any other convicts that may be held by any other person under the contracts aforesaid or any of them, but without liability on the pari of the State to said Lessees.

9th. For 140 convicts the Lessees will pay no compensation to the State other than the expenses, outlays, supplies, etc., under other clauses of this contract, to be incurred by the Lessees, in relation to said Penitentiary and convicts. For all convicts over said number (140,) that may come to their hands or control, said Lessees will pay the State of Mississippi $1 10 per head, per month, dating as to each convict from the day he shall come into their hands or under their control, and counting to his discharge, death or escape. Those payments to be made annually on the 1st day of June, 1877, 1878, 1879, and 1880.

10th. Said Lessees bind themselves to save and protect the State against all expenses growing out of the feeding, clothing, maintaining and managing the convicts that may come into their hands or under their control, save and except those expenses which by or under said Act of the Legislature properly devolve upon her.

11th. In making this contract it is expressly understood that the sawed lumber now on the lot directly west of the Pen-

itentiary building is not included in this contract, is not to be appraised or inventoried under the 7th clause hereof, it being in fact a part of the building fund property, and not of the Penitentiary property.

12th. Said Lessees bind themselves, their heirs and assigns, that they will well and freely and faithfully abide by and carry into effect the laws now in force of the State of Mississippi, in relation to said Penitentiary and the Penitentiary convicts, so far as the same are properly and legally applicable thereto, in their hands as Lessees, or applicable to those Lessees, and that they will promptly and faithfully surrender to the State, the Penitentiary and all convicts thereto belonging at the end of their lease.

Witness our hands and seals this the day and year first above mentioned.

REPORT OF THE

Physician to the Penitentiary.

To Marion Smith, Esq., Superintendent:

JACKSON, MISS., December 1, 1879.

DEAR SIR—I have the honor to submit the following report as Physician to the Penitentiary for the years 1878 and 1879:

1878.

The principal sanitary reform that was effected during 1878 was the disinfection and filling up of the cess-pools that were located on the lot adjoining the Penitentiary. They had been used for several years to receive the night sewage of the prison and had become offensive, not only to the inmates of the Penitentiary, but also to the neighborhood.

At my suggestion, the Lessees had constructed a garbage cart, and the sewage is now removed and deposited outside of the city limits.

The good result of this change has been manifest from the diminished number of cases of dysentery and typho-malarial fever.

On account of the well grounded fear of an epidemic of yellow fever in this city, on August the 15th, the convicts, except a few disabled men and convalescents, were removed for safety. The result was, when the epidemic came, only two prisoners contracted yellow fever—one a white convict and the other a negro county prisoner, both of whom recovered.

Every precaution was taken to prevent the spread of the disease. These cases were isolated as perfectly as possible, and disinfectants were plentifully used.

During the year forty-five patients were treated in the Hospital and a much larger number at the Dispensary. There were four deaths inside of the walls from the following causes: chronic diarrhœa, 1; pneumonia, 1; dropsy, 1; dysentery, 1. One convict died suddenly in a field near town—supposed to have been a case of sunstroke.

1879.

There has been nothing of special importance to characterize the year 1879.

Eighty-three patients were treated in the Hospital during the year, besides a large number at the Dispensary. There were in all 1780 prescriptions filled.

Eleven convicts died inside the walls from the following causes: Gun-shot wound, 1; phthisis pulmonalis, 4: chronic diarrhœa, 1; dropsy, 2; intussusception, 1; cancer of stomach, 1; typho-malarial fever, 1.

It is proper that I should state that many of the cases treated here are sent back sick from plantations where they have been at work. Among these were a number of cases of chilblain or frost bite in the early part of the year.

It is a notable fact, that many individuals are affected with chronic and incurable diseases, such as consumption and disease of the heart, when first received into the Penitentiary. Many of these are sent to the Hospital to remain until they die or their terms expire.

In a previous report I called attention to the fact that many convicts are in an unhealthy condition, when admitted, after being confined in the county jails, and as I am impressed with the belief that this is partly due to the bad sanitary condition of the jails, I again invite attention to it, hoping the Legislature will apply some remedy.

The sanitary condition of the Penitentiary is at this time good. The inside of the walls and the cells are regularly whitewashed and the iron work and stair-ways are painted with coal tar.

In conclusion, I desire to say that I have at all times been treated with courtesy by the Lessees, and to also express my appreciation of the uniform courtesy shown me by yourself.

Respectfully yours,

WIRT JOHNSTON,
Physician to the Penitentiary.

CHAPLAIN'S REPORT.

To Marion Smith, Esq., Superintendent of the Mississippi State Penitentiary:

SIR—In making report to you of my work during the past two years, as Chaplain of the Penitentiary, I am happy to be able to say that I think a large amount of good has been done.

When I accepted the office and first began to address the convicts, two years ago, I had very little hope of ever accomplishing any good among them. I had never faced an audience so apparently full of hostility to the message I had to deliver, or with whom I felt that ordinary methods and arguments would be of so little avail. It was an assemblage full of anger and bitterness against the outside world, against all in authority, against all who assumed to teach them or preach to them.

After we had been at work nearly a year, a gentleman who had formerly been Sergeant of the Prison, returned and took the same position again. After a few days he asked one of the Lessees what had been done to the convicts to so change the whole atmosphere of the prison since he left. Formerly there was open anger, continual profanity in violation of the rules, and frequent insubordination. Now there was a far more endurable condition, the profanity had greatly lessened, if not wholly disappeared, obedience was more prompt, discipline easier, and altogether the whole Penitentiary seemed to be a different place. One of the white convicts was asked the same question, who replied, "Since all those ladies has been a' comin' up here to help us poor fellows, out o' pure goodness like, we feels that we ought to do something on our side to please them. Leastways, that's the way I feels about it."

In the two years there have been seventeen convicts baptized and eighteen confirmed, while a number are now waiting and preparing for both rites. Of the number who thus professed the determination to live a changed life, twelve I think were genuine and sincere reformations, of two I am doubtful, and four I think were hypocrisies. It was not an easy thing to do, to come forward for baptism. The other convicts, especially the white men, sneered at our converts as "coming the pious dodge." They were laughed at, and in some instances maltreated, to find if their new Christianity was "the genuine

article," such as "gives your coat to the man who takes your cloak," and "when a man smites you on the one cheek, turns the other also." I endeavored to prevent any complaint of these persecutions reaching the Lessees, as I wished to rely upon moral suasion and was not willing to call in the strong arm; besides, I thought it well that our converts should not have too easy a path. At one time two white men, who had been consulting together, came to me and said that they had determined to lead a new life, being convinced that their previous motives and methods had been a mistake; therefore they wished to be baptized, if it could be done secretly, without the knowledge of the others. If not, they thought it best to wait until they had served their time and were discharged, since they were unable to meet and bear the persecution to which they would immediately be subjected. I made a second address that day, speaking forcibly of the shame of thus persecuting each other, like wild beasts in a cage, who turn to fighting and tearing one another. I appealed to their higher nature, and then urged the converts to bear like men, and related stories of the old martyrs who were tortured and went to the stake for Christ, who had borne worse torment for them. After the services these two men came to me again and desired to be baptized the next Sunday, saying that they would try to be patient and faithful. I think that such conversions are genuine.

I have gone thus into detail at the risk of making my report too long, because I could not otherwise show how difficult and laborious has been our work, and how much good we hope we have accomplished; nor could I otherwise give the due meed of praise to those who have worked with me at no small cost to themselves of surrendered rest, of expense in providing small comforts for their classes, of mortifications endured, of adverse criticisms made by friends and others, of feelings hurt intentionally or unintentionally by those whom they were trying to serve; and hardest of all, of months of such labor given apparently with no result. And all this without any thought of other reward than the final commendation of the Master, and the desire to follow in His footsteps.

I am, sir, your obedient servant,

JOSEPH L. TUCKER, Chaplain.
